ABOUT US Established in 1998 with the motto “Prosperity through Innovative Management” by Founder Chairman Shri. MJF Ln. Leo Muthu, Sri Sairam Institute of Management Studies is a renowned B-School in Tamil Nadu. It offers an autonomous MBA program awarded by Anna University, approved by AICTE and the government of Tamil Nadu. Accredited with A+ grade by NAAC and NBA, the institute has been rated Platinum by the AICTE-CII survey for seven years and consistently ranks in NIRF. With over 100 university ranks and two gold medals, it features modern facilities including seminar halls, a computer center, and a central library. Rated in the A3 League by Business Standard in 2021, it also ranks among the top B-Schools by Times B-School Survey and Business Today. International collaborations with universities like Universiti Teknologi Petronas and the University of Malaya enhance its academic offerings. The institute regularly organizes national and international seminars, conferences, and student exchange programs, and publishes three management peer-reviewed journals. Faculty members actively participate in international academic events.

ABOUT MDP In today's fast-paced and competitive business landscape, achieving operational excellence is crucial for organizations seeking to maximize efficiency, reduce waste, and improve quality. The Management Development Programme (MDP) on Operational Excellence through Lean Six Sigma is designed to provide professionals with the essential tools and methodologies to drive continuous improvement within their organizations. This intensive one-day programme combines the principles of Lean and Six Sigma, offering participants a robust framework for enhancing operational performance. Participants will gain practical insights into Lean Six Sigma techniques, learning how to apply them to real-world scenarios to achieve significant operational improvements. The programme is ideal for managers, team leaders, and professionals involved in process improvement, quality management, and operational excellence initiatives.

OBJECTIVES

The MDP on Operational Excellence through Lean Six Sigma aims to achieve the following objectives:

Develop Core Competencies: Provide participants with a solid understanding of Lean and Six Sigma principles, methodologies, and tools.

Enhance Analytical Skills: Equip participants with the skills to analyze and solve operational problems using data-driven approaches.

Promote Efficiency: Enable participants to identify and eliminate waste, thereby improving process efficiency and effectiveness.

Improve Quality: Teach participants how to reduce variability and enhance process quality to deliver higher value to customers.

Encourage Continuous Improvement: Foster a mindset of continuous improvement and operational excellence within the organization.

PROGRAMME SCHEDULE

The MDP is a focused one-day programme designed to provide a comprehensive overview of Lean Six Sigma principles and their practical applications.
